

COMPANY PROFILE

COMPANY DETAILS

UNITY RELIANCE (M) SDN BHD

(1252971-P)

No 6-2, JALAN MERANTI SD 13/5, BANDAR SRI DAMANSARA
52200 PETALING JAYA SELANGOR

EMAIL : UNITYRELIANCE88@GMAIL.COM

TEL : 03-6263 0139

FAX : 03-6241 3163

ABOUT US

UNITY RELIANCE established in Year 2017 as a diversified manufacturer and supplier of premium construction materials and innovative solution for the construction industry. Together with our expertise and extensive range of products, you can save your time, resources and focus on other which matters more.

Our customers are involved in the construction of small scale residential projects to large developments in infrastructures, high rise and commercial buildings too. We strive to achieve this by continually providing quality products and professional services at a level beyond our customers highest expectations.

MISSION

We're promised to continuously improving the quality of our products and services, adding value for clients through innovation, foresight, integrity and aggressive performance, to maintain highest level of professionalism and integrity in our relationships with our clients and employees.

VISION

To become a global innovative solution provider for the construction industry.

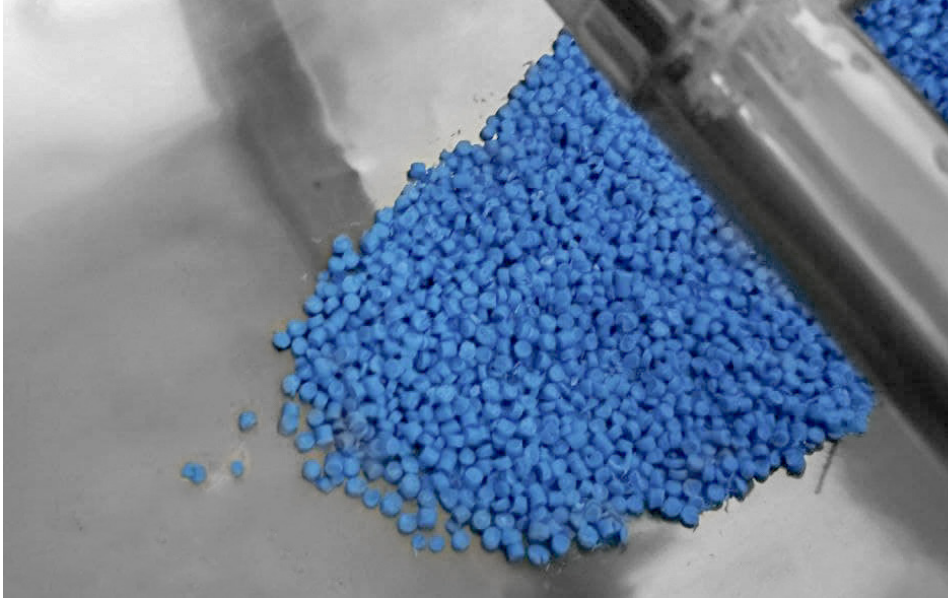

WHAT WE DO OUR MAIN SERVICES

Expansion Joint System
Waterstop System
Formwork Accessories
Traffic Control & Safety
Waterproofing & Concrete Repair
Landscape
Piping System
Rubber Bearing Products
Flooring System

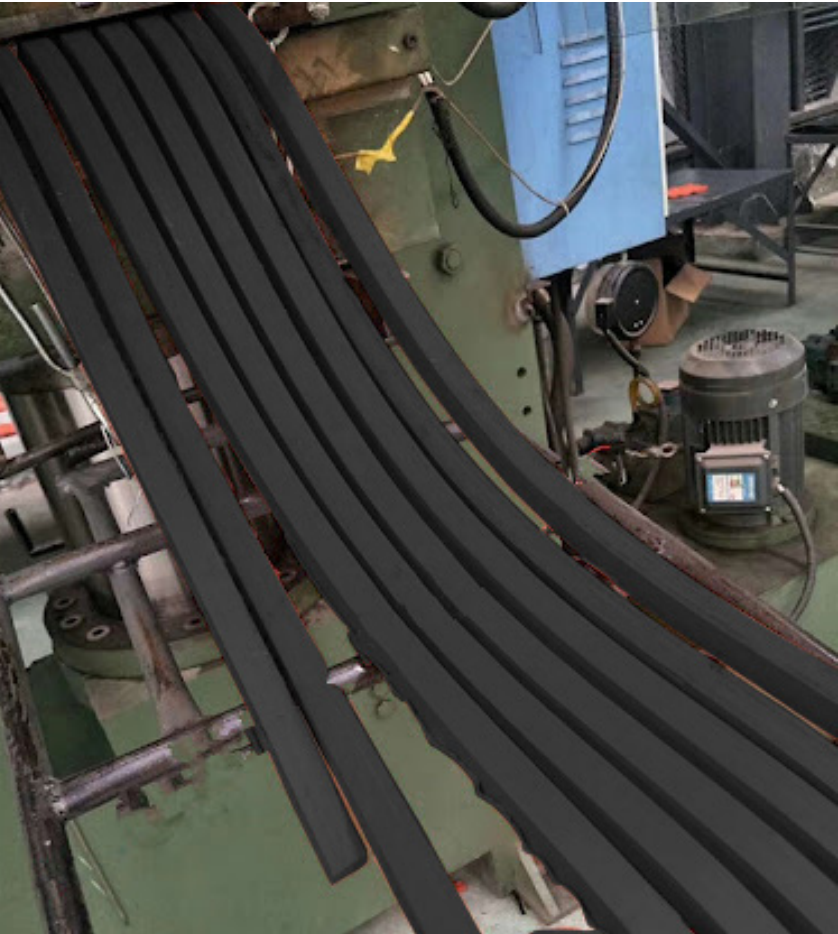

WATERSTOP SYSTEM

PVC WATERSTOP range are extruded from high grade polyvinyl chloride (PVC) resin extrusions that are plasticized and stabilized to offer long life performance in concrete structures against water leakages.

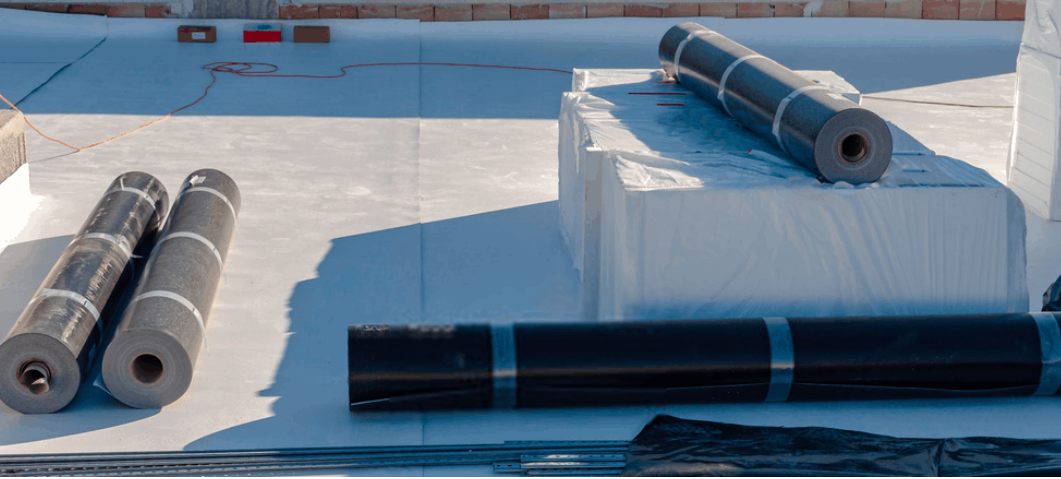

WATERSTOP SYSTEM

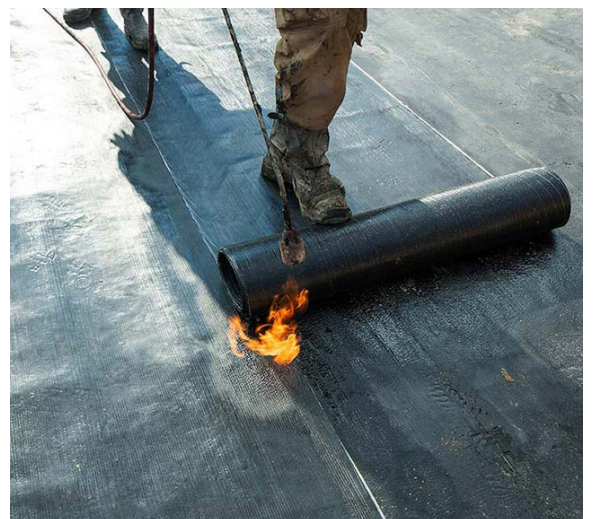

SWELLABLE WATERSTOP is used for sealing of construction joints against pressurised water in reinforced concrete structures. The various hydrophilic rubber profiles stand out especially due to high chemical resistance against acids, alkalis, fuels, mineral oils, organic solvents etc.

WATERPROOFING WORKS

WATERPROOFING is the process of making an object or structure waterproof or water-resistant so that it remains relatively unaffected by water or resisting the ingress of water under specified conditions.

EXPANSION JOINT SYSTEM

EXPANSION JOINT SYSTEMS are used to bridge the gap and restore building assembly functions while accommodating expected movements.

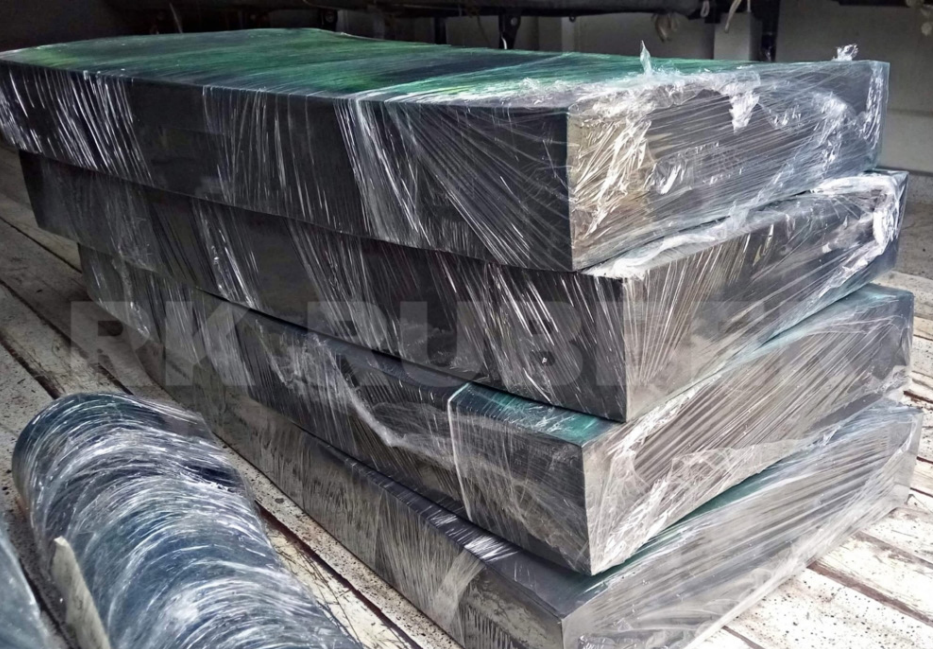

CONCRETE REPAIR

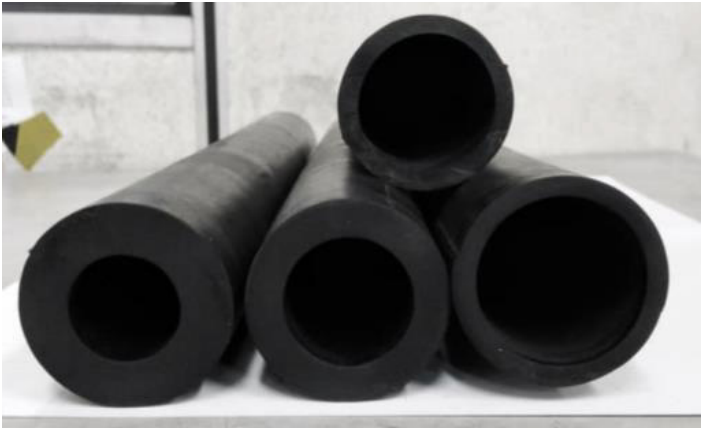

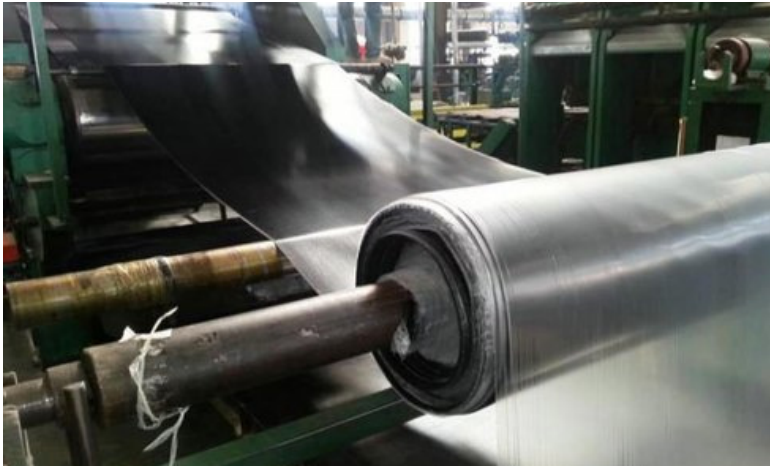

CONCRETE REPAIR are specifically designed for restoring or replacing the original profile and function of the damaged concrete. They help to repair concrete defects, improve appearance, restore structural integrity, increase durability and extend the structure's longevity.

RUBBER PRODUCT

RUBBER PRODUCT a promising new material on the construction scene. Created by replacing sand with rubber particles when mixing concrete, the material promises to significantly reduce certain environmental impacts.

TRAFFIC CONTROL & SAFETY

TRAFFIC CONTROL devices include street signs, traffic signals and road markings. These signs, signals, and stripes guide drivers in navigation and control of their vehicles.

PIPING SYSTEM

PIPING SYSTEM is a set of pipes, normally closed pipes, joined together by fittings for transporting fluids (liquids and gases) from one location to another. The in-line components, known as fittings, valves, and other devices, sense and control the pressure, flow rate and temperature of the conveyed fluid.

FORMWORK ACCESSORIES

FORMWORK ACCESSORIES is associated with concrete structure's surface finishing, the finer the quality of formwork used, the better will be the surface finishing.

FORMWORK provides excellent structural safety by offering solutions against all overlay loads, producing exceptionally safe and practical structures.

FLOORING SYSTEM

FLOORING SYSTEM is a type of synthetic resin floor system that is laid on top of concrete substrates as a form of protection and decoration. The systems can comprise of several layers of thermosetting resin that are coated, trowelled or poured, and generally applied onto a concrete substrate.

U N I T Y R E L I A N C E

PROJECT

R E F E R E N C E

PROJECT REFERENCE

EXPRESSWAY PROJECT

SPE (DUKE 3) , Setiawangsa , Pantai Expressway
DUKE 2 , Duta Ulu Kelang Expressway
DASH , Damansara Shah Alam Elevated Expressway
SUKE , Sugai Besi , Ulu Kelang Elevated Expressway
WCE , West Coast Expressway
CSR , Central Spine Road
PAN Borneo Expressway

RAILWAY PROJECTS

MRT2 Bandar Malaysia Station, TUDM
MRT2 Package V204 & S206, Seri Kembangan
LRT3 Johan Setia Depot, Klang
Gemas-Johor Bahru Electrified Double Track

PROJECT REFERENCE

SEWERAGE AND WATER TREATMENT PLANT

Eco Forest Sewerage Treatment Plant, Semenyih
Segamat Water Treatment Plant, Segamat Johor
Forest City Sewerage Treatment Plant, Johor Bahru
Ipoh Centre Sewerage Treatment Plant, Pusing Perak
Proton City Reservoir, Tanjung Malim
Bukit Sah Water Treatment Plant, Kemaman
Langat 2 Water Treatment Plant, Hulu Langat

INDUSTRIAL & UTILITIES

2,242 MW CCGT Power Plant, Melaka
Refinery & Petrochemical Integrated Development (RAPID)
Pengerang, Johor
Johor Port PTD 2423, Johor
Dinding Poultry Processing Plant, Lumut

PROJECT REFERENCE

RESIDENTIAL & COMMERCIAL

Pavilion Damansara Height, Damansara Height Pavilion, Bukit Jalil
Tun Razak Exchange, Kuala Lumpur
8 Conlay, Kuala Lumpur
E&O Residence, Jalan KIA Peng, Kuala Lumpur
D'rapport Residences, Jalan Ampang
Agile Mont Kiara, Solaris Mont Kiara
TWY Duplex Condo, Solaris Mont Kiara
MET 1, Mont Kiara
Sime Darby Motors City, Ara Damansara

RESIDENTIAL & COMMERCIAL

Oasis Rio, Ara Damansara
IOI Citymall Phase 2 Extension, Putra Jaya
AIMS Cyberjaya Data Centre, Cyberjaya
The Louvre, Kajang
Plenitude Bayu, Penang
Prima Condo, Seremban
Central Park, Johor Bahru

BUKIT SAH WATER TREATMENT PLANT , KEMAMAN

LANGAT 2 WATER TREATMENT PLANT , HULU LANGAT

PAVILION , BUKIT JALIL

8 CONLAY , JALAN CONLAY KUALA LUMPUR

AGILE MONT KIARA , SOLARIS MONT KIARA

D'RAPPORT , JALAN AMPANG

IOI CITYMALL PHASE 2 EXTENSION , PUTRAJAYA

TUN RAZAK EXCHANGE , KUALA LUMPUR

ELECTRICAL DOUBLE TRACK , GEMAS TO JOHOR

BANDAR MALAYSIA MRT STATION , TUDM

MRT 2 PACKAGE V204 & S206 , SERI KEMBANGAN UPM

LRT 3 JOHAN SETIA DEPOT , KLANG

RAPID REFINERY PROJECT , PENERANG JOHOR

MELAKA CCGT POWER PLANT
